Sale Ring No 2 at 10.00 am Young Bulls and Store Cattle

**Sale Ring No 2 at 12.30 pm Beef Breeding Cattle
 See separate Catalogue**

TELEPHONE : 01467 623700

TERMS OF SALE - CASH

NOTICE TO CONSIGNORS

Please ensure that completed, signed and dated Passports and movement Documents travel with the animals to market and where appropriate Farm Assurance stickers applied.

Documents must not be handed to the auctioneer at the time of sale. Consignments **will not be sold** until this information is entered into the computer system.

Consignors are reminded of the double tagging regulations and are requested that distance readable tags are correctly applied and easily readable for identification of the individual animals at the time of sale.

COMPUTER SYSTEM AND SALE RING INFORMATION DISPLAYS

The computer system allows us to display individual cattle details including, breed, sex, age, country of birth and Farm Assurance status on the ring displays at the time of sale. This information will also be printed on all invoices and sale notes.

Country of birth abbreviations : Scotland : SCOT, SCO, S. England : ENG, E
 Wales : WALES, WAL, W. Northern Ireland : NI, N

SCOTTISH BLUETONGUE VACCINATION CAMPAIGN

From the 30th April 2009 it is a legal requirement for all animals over 3 months of age to be fully vaccinated before moving off the holding of birth.

Vendor BTV Declaration

As from 30th April 2009 all livestock for sale are therefore sold as fully BTV8 Vaccinated unless declared by the vendor as being under 3 months of age or exempt.

Animals which are moved into the compulsory areas of Scotland from an area not subject to compulsory BTV8 vaccination (such as England & Wales), must be vaccinated as soon as possible and not later than 14 days after entering the compulsory areas, unless the new keeper has documentary evidence that the animals were vaccinated before arrival.

Ongoing Requirements

In order to maintain immunity one animal booster is required for all species. It is recommended that all livestock are given a booster during the vector free period each year.

Where animals are found unvaccinated after 30 April 2009 producers can face a penalty of a fine up to £5,000 and / or 6 months imprisonment.

VETERINARY MEDICAL WITHDRAWALS

Unless otherwise stated at the time of sale (either by the auctioneer, on the catalogue or on the display screens) all livestock are sold as having completed all withdrawal periods for any veterinary medicines they have received. For any animals under treatment the details should be completed in the movement declaration form. It is the responsibility of the buyer to ensure that any animal destined for the food chain are outwith any withdrawal periods.

NOTICES

CONDITIONS OF SALE

Conditions of Sale, including Temporary Additional Conditions of Sale applicable to Store Cattle, together with Pregnancy Guarantees, are displayed in the Sale Rings. Copies may be had on request at the Office. Whilst every endeavour is made to indicate the correct total weight of and number in each lot, the Auctioneers do not hold themselves liable for any errors made in so doing.

QMS - SCOTCH ASSURED (SA)

Animals offered for sale as Scotch Assured (SA) are warranted by the vendor as having complied with QMS Certification Standards including having been born and reared on farm assured holdings in Scotland. A database exists which ensures the history of all animals born after 1st January 2004 can be checked. For animals born prior to this date the data on the assurance history of individual farms is incomplete. Animals sold as Farm Assured (FA) are only warranted by the vendor as being offered for sale from a Farm Assured Holding. **QMS**

13 DAY STANDSTILL : MARKETS

- Livestock moving off a market or returning home unsold will always trigger a 13 day standstill on that holding, (20 days for pigs), unless for slaughter or if another specific exemption applies.
- The use of approved Separation Facilities (agreed in advance with SEERAD) may allow movement to and from sales without affecting other stock on the holding.
- It is the consignor's responsibility to ensure that movements comply with current legislation.

Further information is available from SEERAD, Thainstone Court, Inverurie.
Agricultural Staff 01467 626222. State Veterinary Service : 01467 626300.

THE CATTLE PASSPORT ORDER 1996

Consignors should note that Cattle Passports are required for ALL ANIMALS BORN AFTER THE 1st JULY 1996 The Passports must be traded with the animal and the relevant sections must be completed after each movement. Vendors are reminded they are responsible to Purchasers for the correctness of Passports. Please ensure that this completed and signed Movement Document together with the relevant passports travel with the animals to Market. It is the responsibility of all purchasers to check all documentation. Any Purchaser finding incorrect Documentation should notify the Auctioneers by 5 pm on the fourth day following the day of purchase otherwise the Auctioneers will not involve themselves in any dispute which will lie solely between Vendor and Purchaser

CATTLE IDENTIFICATION REGULATIONS 1998 (AS AMENDED)

Cattle born after 1st January 1998 require to be double tagged with a Primary and a Secondary Tag. The Secondary Tags can either be another Primary Tag, a Button Tag or a Metal Tag. In the case of a two-piece eartag both pieces must be intact and bear the Ministry Logo. Blank backings or broken tags are not allowed. It is an offence to move cattle off your farm if they are not correctly double tagged before leaving your holding. Cattle discovered in market with only one Ear Tag which require to be double tagged will be licenced out of the Market by the Local Authority Inspector. The auctioneers will assist with Ear Tag problems only for those discovered in the market or licenced by the Local Authority.
